

# **APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA**

Date of filing in State Engineer's Office..... **DEC 27 1990**

Returned to applicant for correction..... **FEB 26 1991**

Corrected application filed.....

Map filed..... **MAR 29 1991**

The applicant..... **BWC - West Inc.**

**14290 Lear Blvd.**

**Reno**

**Nevada 89506**

City or Town

....., hereby make<sup>s</sup> application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.).....  
**September 27, 1987 Reno, Nevada**

**Underground**

1. The source of the proposed appropriation is.....  
Name of stream, lake, spring, underground or other source

2. The amount of water applied for is..... **0.004** .....second-feet  
One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet.....

3. The water to be used for..... **Ground water remediation (NDEP Order dated Nov. 6, 1990)**  
Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.

4. If use is for:

(a) Irrigation, state number of acres to be irrigated.....

(b) Stockwater, state number and kinds of animals to be watered.....

(c) Other use (describe fully under "No. 12. Remarks")..... **Ground Water Remediation**

(d) Power:

(1) Horsepower developed.....

(2) Point of return of water to stream.....

5. The water is to be diverted from its source at the following point..... **NW¼ of SE¼ of Section 31, T 21N,**  
Describe as being within a 40-acre subdivision of public  
**R. 19E. MDB&M bearing South 53° 02'52" East 4558.55 feet from the NW corner of**  
survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.  
**said Section 31.**

6. Place of use..... **NW¼ SE¼ of Section 31, T 21N Range 19E, M.D.M. This well lies on**  
Describe by legal subdivision. If on unsurveyed land, it should be so stated.  
**APN 90-050-10.**

7. Use will begin about..... **January 1** .....and end about..... **December 31** ..... of each year.  
Month and Day Month and Day

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.)..... **Pneumatic pump in a shallow well (less than**  
State manner in which water is to be diverted, i.e. diversion structure, ditches and  
**25 feet deep)**  
flumes, drilled well with pump and motor, etc.

9. Estimated cost of works..... **\$11,000**

10. Estimated time required to construct works..... 1 year  
If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use..... 1year

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

A shallow (less than 25 feet) deep well will be pumped from 1 to 1.5 g.p.m.  
to remediate ground water contamination beneath the ground surface in the  
vicinity of the site. Estimate full time use of pumps for 7 to 10 years.

Protested.....

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This environmental permit is issued subject to existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as mandated by orders issued by the Nevada Division of Environmental Protection and subsequent correspondence with said agency. The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and records of this measurement shall be submitted on an annual basis. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of water granted herein at any and all times.

This environmental permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.004 cubic feet per second, but not to exceed 3 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed on or before.....

Application of water to beneficial use shall be made on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....

Completion of work filed..... IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.

Proof of beneficial use filed..... State Engineer of Nevada, have hereunto set my hand and the seal of my

Cultural map filed..... office, this 16th day of December

Certificate No. Issued..... A.D. 19 91

State Engineer

(PERMIT TERMS CONTINUED)

This permit is issued pursuant to the provisions of Chapter 289 of the 1991 Legislature.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from each well and the amount of water used.

A well driller's report shall be submitted within 30 days from the completion of either the extraction or monitoring wells.
